

Allianz Global Corporate & Specialty®

Marine

Wider, deeper and stronger marine coverage from a global leader

Allianz Global Corporate & Specialty[®] now provides Marine insurance coverage in the United States.

Beginning January 1, 2009, the Marine offerings of Fireman's Fund affiliate in the U.S. will be integrated into the Allianz Global Corporate & Specialty group, complementing our extensive products and services in Property, Engineering and more.

The result will be a full range of global products that deliver the exceptional financial strength of Allianz, industry-leading underwriting and claims expertise, and a single point of contact for clients. For Cargo, Hull & Marine Liabilities and Inland Marine & Related Property coverages, Allianz Global Corporate & Specialty is the widest, deepest and strongest marine option worldwide.

Allianz Global Corporate & Specialty® offers a wide range of Marine products that can be tailored to the specific needs of each client.

Cargo

Cover for physical loss or damage to international and domestic goods in transit, with the capability to offer both major capacity for large multinational corporate clients as well as a strong local presence for smaller and mid-size clients.

Cover includes:

- Protection against loss or damage of goods being shipped on all types of conveyances, from warehouse point-of-origin to warehouse point-of-destination
- Our cargo products can include extended cover for Inland Transit, Storage, and other related cover throughout the transit process
- Project Cargo insurance solutions including DSU (Delay Start-Up)
- International Program Capabilities tailored for individual client needs

Hull & Marine Liabilities

Insurance cover for blue- and brown-water shipping, from cruise liners and car carriers to tugs and inland vessels, as well as shipyards, yachts, pleasure craft and operators in “wet” Marine businesses.

Cover includes:

- **Hull and Machinery:** provides protection against the physical loss of, or damage to, the vessel and its equipment, engines and machinery
- **Protection and Indemnity:** protects a vessel and its owners and operators against liability for bodily injury and third-party property damage
- **Marine Liabilities:** offers comprehensive cover for primary and excess liability, as well as specialist liability products for a range of marine operations, such as Stevedores, Ship Repairers or Terminal Operators

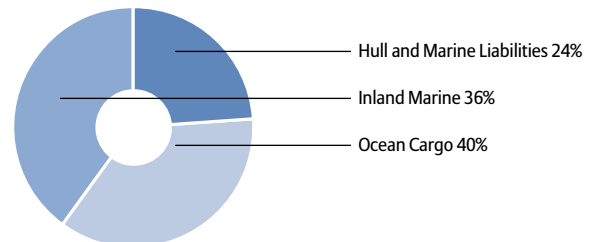

Inland Marine & Related Property

Our Inland Marine & Related Property classes in the United States include:

- **Construction:** Builder’s Risk insurance provides protection for the work, and Contractors Equipment provides coverage for the tools and equipment
- **Transportation & Logistics:** provides domestic coverage for goods in transit, as well as liability coverage for those transporting or storing the property of others
- **Electronics and Communication:** provides coverage for a broad range of property including Broadcasting and Communications Equipment, Electronic Property, and Medical Diagnostic Devices
- **Other Inland Marine:** specialty cover for over 100 niche classes, ranging from Antique Automobiles and Ski Lifts to Valuable Papers
- **Related Property:** provides coverage for related fixed location property including real property, contents and time element
