THE CORE PLAN:
not just cover while in hospital
The Core Plan is the primary component in all Allianz’s International Health insurance policies, aimed at providing cover for serious treatments involving significant medical costs, such as but not limited to hospitalisation, cancer treatment, advanced imaging and medical evacuation. Whilst hospitalization benefits make up a large proportion of the coverage provided under the Core Plan, there are many other benefits that are included in an out-patient setting, as the following list outlines:

**Out-patient surgery:** from day-long procedures to simple surgical procedures undertaken at the physician’s office.

**Emergency out-patient treatment:** cover in an Emergency Room in the event of an accident or sudden illness*.

**Emergency out-patient dental treatment:** cover in a dental surgery or hospital emergency room for immediate relief of dental pain*.

**Rehabilitation treatment:** for example, post hospitalisation physiotherapy required on an out-patient basis.

**Emergency treatment outside area of cover** – for example, emergency treatment at an Emergency Room whilst travelling outside the selected region of cover.

**CT, MRI, PET and CT-PET scans:** diagnostic scans covered not only in hospitals but also in specialist diagnostic facilities as well as out-patient clinics.

**Oncology:** care and supervision of cancer on an out-patient basis including oral medication.

**Congenital conditions:** certain out-patient treatments are included, for e.g. a pre-operative consultation in advance of surgery to address a congenital condition*.

**Preventative surgery:** cover for pre- and post-operative treatment in relation to a prophylactic mastectomy or prophylactic oophorectomy*.
Complications of pregnancy: for the out-patient treatment of specified conditions that can occur during pregnancy, e.g. gestational diabetes or preeclampsia.

* Available on selected plans only.

**TRAVEL SECURITY SERVICES**

As the world continues to witness an increase in security threats, we provide 24/7 access to personal security information and advice for all your travel safety queries.

**EXPAT ASSISTANCE PROGRAMME (EAP)**

In a world where global mobility is on the rise, you may find it particularly challenging to balance taking care of yourself, your family and work responsibilities. The Expat Assistance Programme is a confidential and professional 24/7 multilingual support service that can help you and your family address a wide range of life issues and challenges.

**Did you know...**

...that the Expat Assistance Programme and Travel Security Services are also now available as part of the Core Plan?
