- 24/7 access to IT forensic experts or legal or crisis communications support
- E2E digital value chain transparency by via Business Model Canvas,
- 360° Cyber workshop,
- Business & IT Continuity Management,
- Operational Risk Scenarios,
- Risk Management Matrix

Marine Hull & Cargo
- Comprehensive marine risk assessments for vessel owners and operators, cargo and logistics companies, ports and terminals, etc.
- Marine warranty surveyors
- Maritime safety consulting
- Loss control surveys & reviews
- Natural catastrophe exposure evaluations
- Project cargo shipments

Energy: Onshore & Offshore
- Oil and gas exploration and production
- Platforms, pipelines, terminals and tank farms
- Refineries, gas plants, and petrochemical operations
- Chemical risks with vapor cloud exposure
- Drilling and control of well
- Drill ships, FPSOs and other support vessels
- Shipyards and offshore equipment construction sites

Entertainment
- TV, film, commercials and live entertainment services inc. site surveys, production safety and compliance reviews (inc. stunts, rigging, precision driving and pyrotechnics)
- Emergency action plans, injury and illness prevention plans
- Live events: venue security and safety reviews, emergency response protocols, general liability reviews
